

Job Vacancy

Oncólogo con inglés y experiencia. Kristiansand, Noruega Kristiansand Centre for Cancer treatment

Kristiansand Centre for Cancer treatment (Senter for kreftbehandling, SFK) has vacancy for an experienced Oncologist to fill a full time permanent position. The position is available to start immediately or as soon as is convenient.

We have a strong professional department with sub-specialisation in Breast cancer, urological cancer, gastro-intestinal cancer, lung cancer and central nervous system cancers. All of the doctors in the department are involved with clinical studies. The department offers around 85% of non-surgical cancer treatments in Sørlandet (H&N, Gyneological and child cancer treatment is centralised to OuS)

SFK, at Sørlandet sykehus in Kristiansand, is the largest cancer centre in South-East Health Region after Oslo University Hospital (OuS). The department has in total 70 FTE spread over 95 employees. The doctor team consists of 8 specialists in oncology, 3 specialists in palliation and 3 junior doctors in training positions. The department is organised in a polyclinic for medical oncology, a radiation therapy unit, a palliative unit and a unit for clinical research.

Sørlandet sykehus is an equal opportunity employer, and encourages all qualified candidates to apply.
