<b>EXECUTIVE SUMMARY .....</b>	<b>9</b>
<b>Key Policy Insights .....</b>	<b>13</b>
The economy remains strong, though with signs of growth slowdown.....	13
Towards stable and inclusive growth.....	42
References.....	76
<b>Chapter 1. Realising regional potentials through better market integration .....</b>	<b>81</b>
Phasing out local protectionism to create a single product market.....	82
Creating a single labour market for stronger growth and inclusiveness .....	91
Regional policies to help laggard regions catch up.....	100
References.....	123
<b>Annex A. Gauging disparities across regions in multiple dimensions .....</b>	<b>126</b>
<b>Annex B. The three initiatives .....</b>	<b>132</b>
<b>Annex C. The four mega-regions .....</b>	<b>136</b>

### Tables

Table 1. Excess capacity is being phased out.....	18
Table 2. Measures of fiscal deficit .....	23
Table 3. Fiscal stimulus measures will increase in 2019.....	24
Table 4. Macroeconomic indicators and projections.....	25
Table 5. Past OECD recommendations on monetary and financial policies .....	35
Table 6. Estimated fiscal impact of selected recommended reforms .....	41
Table 7. Past OECD recommendations on fiscal reform.....	42
Table 8. Estimated impact of structural reforms on per capita GDP.....	52
Table 9. Past OECD recommendations to increase productivity .....	53
Table 10. Past OECD recommendations on inclusive growth .....	59
Table 11. Past OECD recommendations on greening growth.....	74
Table 1.1. Protectionist measures in procurement and transportation are rampant.....	89
Table 1.2. Within-province disparities are dominant in overall disparities at the county level .....	103
Table 1.3. Fiscal transfers reduce disparities in province-level revenues .....	104

### Figures

Figure 1. China continues to converge to OECD, notwithstanding growth moderation .....	13
Figure 2. Growth is increasingly driven by consumption and services.....	15
Figure 3. Job vacancy rates are high in some inland cities.....	16
Figure 4. Stock prices have partially recovered .....	16

Figure 5. The slowdown in growth and investment has been geographically uneven .....	17
Figure 6. House prices are flattening in mega cities but still not affordable for average earners .....	19
Figure 7. Trade growth has stalled .....	20
Figure 8. The goods trade surplus is shrinking while the services trade deficit is growing .....	21
Figure 9. Producer price inflation is trending down and consumer price inflation remains stable .....	22
Figure 10. New enterprise and mortgage lending growth faded .....	28
Figure 11. The share of lending at and below the benchmark rate have fallen .....	29
Figure 12. Forex reserves are stable and the exchange rate appreciation faded in 2018.....	30
Figure 13. Corporate deleveraging continues amid shrinking shadow banking.....	32
Figure 14. Increasing household credit creates financial risks .....	34
Figure 15. Debt and urban construction bonds are high relative to output and revenues.....	37
Figure 16. Relief to LGIVs may derail debt from the sustainable path.....	38
Figure 17. The burden at the local level is high .....	40
Figure 18. The saving rate is still very high .....	43
Figure 19. Capital accumulation still drives growth.....	44
Figure 20. Catching up with the United States is rapid but the productivity gap is still large .....	45
Figure 21. In several manufacturing industries only a small share of patents are genuine inventions..	46
Figure 22. SOEs spend more on R&D per patent but own fewer patents per researcher than private or foreign patenters.....	47
Figure 23. State ownership in some commercially oriented sectors is still high.....	48
Figure 24. Import tariffs are relatively high, but non-tariff measures are frequently used .....	50
Figure 25. The services value added share of exports is rising .....	51
Figure 26. Income inequality has declined but is still high .....	54
Figure 27. The tax and transfer system are not very effective.....	55
Figure 28. Few people pay income taxes and only a tiny fraction at the highest marginal rate.....	56
Figure 29. Those who pay income taxes pay at very low rates .....	57
Figure 30. Personal income taxes remain a tiny source of tax revenues in China.....	58
Figure 31. The richest people hold a high share of net personal wealth .....	58
Figure 32. Chinese ODI is expanding rapidly .....	61
Figure 33. Most Chinese ODI went into services.....	62
Figure 34. Manufacturing ODI is small, but is growing rapidly .....	63
Figure 35. More investment is done through M&A than greenfield .....	64
Figure 1.36. In many manufacturing industries, M&A and greenfield investment are equally important .....	65
Figure 37. China's digital economy is about double the size of India's, but smaller than in advanced economies.....	66
Figure 38. The ICT sector is not particularly large .....	67
Figure 39. The internet penetration rate is on par with other upper middle-income countries .....	68
Figure 40. Smart manufacturing is most widespread in coastal provinces.....	69
Figure 41. The sharing economy is expanding rapidly, in knowledge and skills sharing .....	70
Figure 42. Internet penetration is high in the East, but remains low in the Centre and the West.....	71
Figure 43. Environmental investment has stagnated .....	72
Figure 44. Ample room for improvement in greening growth .....	75
Figure 1.1. Local protectionism is mostly manifest in purchasing goods or services from specific providers, in particular in the construction industry.....	86
Figure 1.2. Wealthier provinces, the internet industry, recent years saw more cases and most were unsuccessful.....	88
Figure 1.3. Urbanisation is progressing but still low in some provinces.....	93
Figure 1.4. The growth rate of the migrant population is slowing .....	95
Figure 1.5. Migrants are young and have little formal education as of 2017 .....	96

Figure 1.6. Admission rates in kindergartens and schools is still low for migrants' children.....	98
Figure 1.7. The migrant work force is ageing .....	99
Figure 1.8. Government support doesn't prevent growing pension deficits.....	100
Figure 1.9. The West and the Centre are catching up, but not much the Northeast .....	101
Figure 1.10. Equalisation transfers and agriculture-related subsidies are the most important transfer items .....	104
Figure 1.11. The gap between own revenues and spending is the greatest at the lowest levels.....	105
Figure 1.12. Counties rely on transfers for a large part of their spending.....	106
Figure 1.13. Counties rely on VAT and non-tax revenues and are in charge of education and other crucial public services .....	107
Figure 1.14. Disparities in per capita spending are even greater than in revenues.....	108
Figure 1.15. In several Western provinces, spending disparities are high across counties .....	109
Figure 1.16. Urban-rural disparities are declining, but are still significant.....	116
Figure 1.17. Agriculture productivity is low and its gap with other sectors is growing.....	117
Figure 1.18. Provinces with big primary sectors tend to be less wealthy.....	118
Figure 1.19. Infrastructure in villages lags well behind cities.....	119
Figure 1.20. Rural medical staff is in shortage.....	120
Figure A.1.21. Disparities in per capita incomes across China's provinces are large.....	127
Figure A.1.22. Old-age dependency varies greatly across provinces.....	128
Figure A.1.23. Population density varies widely across provinces .....	130
Figure A.1.24. The drivers of growth vary widely across provinces .....	131
Figure B.1.25. The three strategies cover a diverse set of regions .....	133
Figure B.1.26. Jingjinji is a diverse region.....	135
Figure C.1.27. The East is bigger, wealthier and more open than the other regions.....	137

<b>Executive summary</b> .....	<b>11</b>
<b>Key policy insights</b> .....	<b>19</b>
Economic growth has peaked .....	24
The economic outlook has weakened, but remains positive .....	24
Financial risks .....	30
Better use of public spending to boost growth and well-being.....	33
Key economic and social challenges remain.....	33
Reducing public spending and improving their efficiency.....	38
Making taxes more favourable to employment and productivity.....	50
Ensuring environmental sustainability.....	53
Improving productivity, employment and social mobility.....	56
Product and services market reforms would boost growth .....	56
Boosting innovative business investment.....	63
Strengthening skills through initial education.....	65
Bibliography .....	69
Thematic Chapters .....	75
<b>Chapter 1. Improving labour market performance</b> .....	<b>76</b>
The labour market has improved but challenges remain .....	77
Those with few qualifications and young people face the most difficulties .....	83
Employment and inequality have polarised .....	83
Wages have decoupled from productivity.....	89
The labour market needs to be transformed successfully.....	94
Strengthening and adapting people’s skills.....	96
Promoting lifelong learning and skill acquisition .....	96
Increasing support for those in the greatest difficulty .....	101
Improving young people’s move into employment .....	104
Encouraging job quality and productivity gains .....	110
Improve incentives to work for low wage earners .....	110
Reducing labour market duality .....	114
Strengthening collective bargaining.....	123
Limiting inequality and improving support for low incomes .....	130
Better co-ordinating and simplifying support for low income households .....	130
Reducing gender bias at work .....	133
Bibliography .....	138
<b>Chapter 2. Improving the efficiency of public investment</b> .....	<b>150</b>
Overview and challenges to public investment.....	152
The stock of public capital is extensive and its quality is high... ..	152

...but a stronger focus on maintenance and on a thorough selection of investment projects is needed .....	153
Local governments are responsible for the majority of public investment and the private sector could play a bigger role.....	155
Investing for the future.....	156
Strengthening framework conditions for effective public investment.....	159
Towards a better prioritisation and selection of investment projects .....	159
Leveraging the private sector in the provision of infrastructure .....	164
Strengthening local government capacities for public investment.....	166
Better maintenance and greener investment in transport and energy .....	170
Improving transport infrastructure investment.....	170
Promoting appropriate energy infrastructure .....	177
Encouraging digitalisation and innovation .....	182
Fostering a faster transition towards digitalisation.....	182
Getting the most out of public investment in R&D.....	185
Bibliography .....	192

## Figures

Figure 1. Abenomics has contributed to faster output growth and higher inflation .....	17
Figure 2. Population ageing arrived early in Japan and continues at a rapid pace .....	19
Figure 3. Japan's labour force faces a significant decline .....	20
Figure 4. Japan's fiscal situation has deteriorated considerably since the early 1990s <sup>1</sup> .....	21
Figure 5. Well-being indicators for Japan give a mixed picture .....	21
Figure 6. Composition of Japan's exports by destination and product category in 2017 .....	22
Figure 7. Key macroeconomic indicators .....	23
Figure 8. Underlying consumer price inflation has been trending up but remains below the 2% target <sup>1</sup> .....	26
Figure 9. A primary deficit is projected to continue through FY 2025 under current policies .....	27
Figure 10. Elderly-related social spending is projected to rise further .....	29
Figure 11. Japan's consumption tax rate is relatively low .....	30
Figure 12. Long-run simulation of Japan's fiscal balance and government debt .....	31
Figure 13. The run-up in central bank assets has been the largest in Japan .....	33
Figure 14. Reasons why firms do not pass on cost increases to sales prices .....	34
Figure 15. The yield curve has become flatter <sup>1</sup> .....	35
Figure 16. The Bank of Japan's net government bond purchases have slowed .....	35
Figure 17. Asset price trends in Japan have improved .....	36
Figure 18. The financial sector is contributing to the economic expansion .....	38
Figure 19. Net income is high, although net interest income is falling .....	39
Figure 20. Increased risk-taking by financial institutions is creating some concerns .....	40
Figure 21. Most firms have kept their mandatory retirement age at 60 .....	42
Figure 22. Japanese women are under-represented in leadership positions .....	43
Figure 23. Labour productivity in Japan is more than a quarter below the top half of OECD countries .....	46
Figure 24. Share of firms with two or more independent directors .....	47
Figure 25. Divergent views of investors and companies .....	48
Figure 26. Perceived corruption in Japan was near the OECD average in 2017 .....	49
Figure 27. The productivity gap between large firms and SMEs is wide in Japan .....	51
Figure 28. The productivity gap between SMEs and large firms is relatively wide in Japan .....	51
Figure 29. The firm entry rate in Japan is rising, but remains below other major economies .....	52
Figure 30. The amount of guaranteed loans has fallen along with the share guaranteed .....	53
Figure 31. Government credit guarantees for SMEs in Japan are exceptionally high .....	54
Figure 32. Green growth indicators .....	56
Figure 33. The carbon pricing gap in Japan is relatively large .....	60
Figure 34. Energy taxes are particularly low on coal .....	61
Figure 35. Prices for electricity in the industrial sector are high in Japan .....	61
Figure 1.1. Japan's labour force faces a significant decline .....	74
Figure 1.2. The employment rate of older persons in Japan has been trending up .....	76
Figure 1.3. Older Japanese have relatively high employment rates .....	77
Figure 1.4. The seniority-based wage system in Japan remains strong .....	78
Figure 1.5. The link between tenure and wages in Japan is one of the strongest in the OECD .....	78
Figure 1.6. The rise in the employment rate is linked to hikes in the pension eligibility age .....	80
Figure 1.7. Most firms have kept their mandatory retirement age at 60 .....	82

Figure 1.8. Many workers become non-regular employees after reaching 60 years old.....	83
Figure 1.9. Older workers' use of skills at work in Japan is relatively low .....	84
Figure 1.10. Skills of older workers in Japan are well below those of younger workers.....	85
Figure 1.11. The projected replacement rate of Japan's public pension system is low .....	87
Figure 1.12. Participation in job-related training is low for older Japanese.....	90
Figure 1.13. Share of workers who find education and training useful for their job is low in Japan....	91
Figure 1.14. Reasons why some inactive persons who wish to work do not search for jobs .....	92
Figure 1.15. Dual-income households now account for two-thirds of all households .....	93
Figure 1.16. Female employment has increased, but gender inequality remains high.....	94
Figure 1.17. Working hours in Japan have changed little during the past 30 years .....	95
Figure 1.18. Long working hours in Japan have negative consequences .....	96
Figure 1.19. The share of women remaining in the labour force after having children .....	98
Figure 1.20. Waiting lists remain long despite rising childcare capacity .....	99
Figure 1.21. Childcare capacity is limited in major urban areas .....	100
Figure 1.22. The number of workers leaving jobs in Japan to provide long-term care is rising .....	101
Figure 1.23. The spouse deduction negatively affects female labour participation and equality.....	102
Figure 1.24. Average tax rates tend to be higher on second earners than on individuals.....	103
Figure 1.25. Japanese women are under-represented in leadership positions .....	105
Figure 1.26. Japanese women are under-represented in certain areas of study and professions .....	106
Figure 1.27. The impact of education and tenure on the share of women in management .....	107
Figure 1.28. The share of the foreign-born population in Japan is one of the lowest in the OECD....	109
Figure 1.29. Non-regular employment is concentrated among women.....	112
Figure 1.30. The wage gap between regular and non-regular workers is large.....	114
Figure 1.31. Japan has relatively strong employment protection for regular workers .....	115
Figure 2.1. Japan's government debt ratio is high, but interest payments are low.....	124
Figure 2.2. The run-up in central bank assets has been the largest in Japan .....	125
Figure 2.3. Population ageing has driven the rise in government spending .....	126
Figure 2.4. Variations across prefectures in the pace of ageing and fiscal capacity are large.....	126
Figure 2.5. Local governments and social security account for most of government spending.....	127
Figure 2.6. A primary deficit is projected to continue through FY 2025 under current policies .....	129
Figure 2.7. Long-run simulation of Japan's fiscal balance and government debt.....	130
Figure 2.8. Elderly-related social spending is projected to rise further.....	132
Figure 2.9. Health spending has increased due to ageing and more intensive care.....	133
Figure 2.10. Longer healthy life spans curb health costs and increase elderly employment.....	134
Figure 2.11. Excess beds tend to lead to greater hospitalisation costs .....	137
Figure 2.12. The use of generic drugs is low in Japan .....	138
Figure 2.13. More clinic doctors is associated with more intensive outpatient care .....	139
Figure 2.14. Long-term care premiums significantly vary across municipalities .....	142
Figure 2.15. A rising share of social assistance recipients are elderly .....	144
Figure 2.16. Cooperation within a prefecture improves the efficiency of municipal tax collection ...	146
Figure 2.17. Public capital stock is unevenly distributed by region and is rapidly ageing.....	148
Figure 2.18. Infrastructure maintenance costs per capita are higher in less populated prefectures.....	149
Figure 2.19. Compact cities can build exercise into daily life .....	151
Figure 2.20. Landowners are more difficult to locate in more aged regions.....	152
Figure 2.21. Japan's tax and social security burden is relatively low .....	154
Figure 2.22. Japan's consumption tax rate is relatively low.....	155
Figure 2.23. Japan's tax wedge is high for low-income households .....	157
Figure 2.24. Environmentally-related taxes are low in Japan .....	159
Annex Figure 2.1.1. Long-term gross government debt simulations .....	164
