

# EVIDENSIA

## Veterinarians to Evidensia Sweden

**IVC Evidensia is Europe's largest veterinary care provider, located in 17 countries. Evidensia (Sweden) is a part of IVC Evidensia. In Sweden we are located in 65 places from north to south. We have small clinics and large animal hospitals.**

Working as a veterinarian with us is very varied job and you have the possibility to work either in a bigger hospital or a smaller clinic or both. You will experience an exciting variety of complex and more routine cases. Together we work to drive the development of veterinary medicine forward, for the benefit of the animals every day. You will also have good support from your colleagues who you will be working with.

### **The Role:**

We are looking for experienced Veterinarians to several of our clinics in Sweden. We mostly look for veterinarians with experience of small animals but in some locations, we also have a need of equine veterinarians. We value your personal qualities. We are happy to see that you have the desire to develop long-term career with us. You enjoy working in teams, deliver with quality and have a trustworthy attitude. We believe that you are thorough, responsible,

communicative with both pet owners and employees and contribute to a pleasant and open work climate. It is important that you learn Swedish to be able to communicate with pet owners and journals must also be written in Swedish. We will support you in your Swedish language education.

At Evidensia everyone takes responsibility for each other, regardless of professional category. We care about each other. Good communication with both pet owners and colleagues is important to us. It is important that you are positive person spreading good energy and you like to cooperate with others. Of course, you love animals as much as we do and identify yourself with our core values; commitment, joy, respect, competence and innovation.

We are looking for you who are social, forward-thinking and like to contribute to a good atmosphere in the working group and you have a good sense of service and problem solving.

To be able to serve as a veterinarian in Sweden, Swedish veterinary license and the necessary knowledge of the Swedish language are required. For further information please see:

We believe it is a big advantage if you can start studying Swedish even before moving to Sweden.

The positions are full-time, 40 hours per week. In our animal hospitals we also work evenings, nights and weekends. We offer, 25 days holiday, compensation for wellness, discounts. We are flexible with start date.

We can advise you about the mobility project “Targeted Mobility Scheme” to learn more about possibilities on economical contribution to come closer a job in Sweden. [EURES Targeted Mobility Scheme - Arbetsförmedlingen \(arbetsformedlingen.se\)](#)

We will participate on the online-event Crossing Nordic Borders [Crossing Nordic Borders | EURES - European Job Days](#) on the 24<sup>th</sup> of February and are looking forward to meeting you online.

#### **Vacancies:**
