Editorial: Global Economic Outlook: Better, but not good enough	7
Chapter 1. General assessment of the macroeconomic situation	11
Introduction	12
The global economy has improved recently, but policy support is needed for a durable and sustainable recovery	13
Imbalances and vulnerabilities remain and wage growth is still modest	24
Policies for sustained and inclusive growth	48
Bibliography	58
Annex A1. Policy and other assumptions underlying the projections	61
Chapter 2. How to make trade work for all	63
Trade, technology and tastes are all changing the structure of economies	68
Rising trade integration has strengthened competitive pressure and modified specialisation in advanced economies	73
Adding up the gains: Global trade integration has increased efficiency and welfare	79
Adding up the costs: Trade has accentuated technology-driven trends toward higher inequality	82
Focusing on the costs: Regional adjustment to import competition, changing tastes and technology	86
Policies to boost regional resilience	89
Policies to help workers	93
