<b>Basic statistics of Argentina, 2016</b> .....	8
<b>Executive summary</b> .....	9
<b>Assessment and recommendations</b> .....	13
Wide-ranging structural reforms are the key to strong, sustainable and inclusive growth .....	14
Comprehensive macroeconomic, structural and social reforms have been initiated .....	18
Improving productivity and investment to raise well-being .....	36
Making growth more inclusive .....	46
Green growth challenges .....	57
References .....	58
<b>Annex 1. Rehabilitating Argentina's official statistics and statistical system</b> .....	63

### Thematic chapters

<b>Chapter 1. Structural reforms to boost growth and living standards in Argentina</b> .....	67
Structural reforms will lift growth and well-being .....	71
Improving labour market regulations .....	82
Making the tax system more conducive to investment .....	85
Reaping the benefits of international trade and global value chains .....	87
Attracting more and better foreign direct investment .....	93
Boosting innovation .....	96
Improving infrastructure to boost productivity and reduce regional disparities ..	97
Developing access to finance .....	101
Providing better skills will boost productivity and employment .....	103
<i>Recommendations to boost growth and living standards in Argentina</i> .....	105
Bibliography .....	106
Annex 1.1. A landmark programme of reforms has been initiated .....	111
Annex 1.2. Simulating the impact of structural reforms on growth .....	112
<b>Chapter 2. Making growth more inclusive in Argentina</b> .....	115
Reducing poverty, improving equity and strengthening the middle class .....	116
Creating better jobs to improve productivity and equity .....	126
Strengthening education and skills to raise growth and equity .....	143
<i>Recommendations to foster inclusive growth in Argentina</i> .....	162
Notes .....	162
Bibliography .....	163

## Boxes

1. A glance at Argentina's economic history .....	14
2. The quality of official statistics in Argentina (see also Annex 1) .....	18
1.1. Making reform happen in Argentina. ....	72
1.2. Service exports: A success story with good prospects .....	91
2.1. Argentina's poverty reduction in context. ....	118
2.2. Job Quality in Argentina .....	132
2.3. Estimating wage differentials for informal and female workers .....	137
2.4. Household income shocks and dropouts .....	147

## Tables

1. Additional reforms are projected to pay off. ....	19
2. Macroeconomic indicators and projections. ....	20
3. Key vulnerabilities .....	22
1.1. Argentina's potential is large .....	71
1.2. Additional structural reforms will pay off .....	72
1.3. Which goods does Argentina export? (2015) .....	90
2.1. Wage differentials in Argentina .....	137
2.2. Exit rates and household shocks (OLS regressions) .....	148
A2.1.1. Income, taxes and expenditure distribution by decile, in percent (pensions are treated as government transfers) .....	169
A2.1.2. Income, taxes and expenditure distribution by decile, in percent (pensions are treated as differed income) .....	169

## Figures

1. Argentina has lost ground relative to other countries .....	15
2. Inequality has fallen but well-being is below the OECD average in some areas ..	16
3. Macroeconomic imbalances have built up. ....	17
4. Real GDP has been volatile and stagnated in recent years .....	17
5. The labour market and consumer confidence are showing mixed signals. ....	21
6. Financial stability indicators do not point to significant vulnerabilities for now ..	23
7. The financial sector is less developed than in other countries. ....	24
8. Residential real estate loans are underdeveloped. ....	24
9. Bringing down inflation will be challenging .....	25
10. Public revenues and expenditures have reached high levels .....	27
11. Bond spreads have converged with the regional average .....	28
12. Public debt is sustainable under several scenarios. ....	28
13. Composition of primary expenditures .....	29
14. Public payroll expenditures are high. ....	30
15. Composition of tax revenues .....	31
16. Few people pay personal income tax .....	31
17. The tax wedge on labour income is close to the OECD average .....	32
18. Corporate income taxes are high. ....	33
19. VAT revenues could be higher with stronger compliance and less use of reduced rates .....	33
20. Investment and productivity growth have been very low .....	36
21. There is room to reduce the restrictiveness of product market regulations. ...	38

22. Barriers to entrepreneurship are high and regulatory procedures are complex . .	38
23. Local competition could be stronger. . . . .	39
24. Labour market regulations are relatively rigid . . . . .	40
25. The economy is fairly closed and barriers to trade are high . . . . .	42
26. Participation in global value chains is low . . . . .	43
27. Export performance has declined strongly . . . . .	44
28. Argentina ranks low on the rule of law and corruption perceptions . . . . .	45
29. Inequality and poverty are high. . . . .	46
30. Labour market participation is lower among women and the young . . . . .	48
31. Informality is high . . . . .	48
32. Transfers and taxes alleviate inequalities . . . . .	50
33. Pension benefits are high relative to working-age earnings . . . . .	51
34. Educational attainment is low and has not improved much . . . . .	53
35. Few students follow technical courses and careers . . . . .	54
36. Learning outcomes show room for improvement even in the capital of Buenos Aires. . . . .	54
37. Student performance is strongly linked to socio-economic background . . . . .	55
38. Health outcomes can be improved . . . . .	56
39. Infant mortality shows significant regional disparities. . . . .	57
40. Green growth indicators . . . . .	58
1.1. Argentina has lost ground . . . . .	68
1.2. Investment and productivity are low . . . . .	69
1.3. Prices are high . . . . .	69
1.4. Volatility has been high. . . . .	70
1.5. There is room to improve product market regulations . . . . .	73
1.6. Barriers to entrepreneurship are high . . . . .	74
1.7. There are few young firms . . . . .	75
1.8. The productivity of all firms have fallen . . . . .	76
1.9. The intensity of local competition is low . . . . .	77
1.10. The share of firms with a female top manager is low . . . . .	78
1.11. The scope of SOEs is large and its governance could be improved. . . . .	79
1.12. The competition authority has a low budget. . . . .	81
1.13. Labour market regulations are relatively rigid . . . . .	82
1.14. Spending on active labour market is very concentrated in public work schemes . .	84
1.15. The statutory corporate income tax rate is high . . . . .	86
1.16. Exposure to trade is low . . . . .	87
1.17. Export performance has been weak . . . . .	88
1.18. Unit labour costs have increased. . . . .	88
1.19. Barriers to trade are high . . . . .	89
1.20. Argentina is not well integrated into global value chains . . . . .	90
1.22. Argentina's service export mix is well-diversified . . . . .	91
1.21. Brazil, China and the European Union are Argentina's main trading partners . . .	91
1.23. Argentina attracts little direct investment. . . . .	94
1.24. There is room to improving the rule of law and reduce corruption . . . . .	95
1.25. Business innovation is very low. . . . .	97
1.26. Economic disparities across provinces are large . . . . .	98
1.27. The quality of infrastructure is relatively low . . . . .	99

1.28. Financial markets are hardly developed. ....	102
1.29. Skill gaps are significant. ....	104
2.1. Poverty has declined but inequality is large . . . . .	117
2.2. The share of the population living on less than 9.8 USD PPP a day has declined at a slower pace in Argentina than in other Latin American countries . . . . .	118
2.3. Income growth benefited the less well-off the most . . . . .	119
2.4. Inequality has declined, but it is still large . . . . .	120
2.5. A large share of the population is poor or at risk of falling into poverty. ....	121
2.6. Territorial differences are large . . . . .	122
2.7. Transfers and taxes alleviate inequalities . . . . .	123
2.8. Formal job creation slowed down specially affecting those at risk of falling into poverty. ....	127
2.9. Argentina's labour market needs to be more inclusive . . . . .	129
2.10. Too many young and women in Argentina do not work . . . . .	130
2.11. Unemployment hits the young and the poor the most . . . . .	132
2.12. Earnings are lower and more unequal than in OECD economies. ....	133
2.13. The share of informal employment is decreasing. . . . .	134
2.14. Informality enhances inequality . . . . .	136
2.15. Argentina's labour market is far from being segmented . . . . .	138
2.16. School-to-work transitions are key for youth inclusion. ....	140
2.17. Poor and at risk of falling into poverty youth find it harder to find formal jobs . .	141
2.18. Low spending on labour market policies . . . . .	142
2.19. Spending on education is on par with OECD countries but outcomes are low ...	144
2.20. High school dropout is high . . . . .	145
2.21. Expanding quality education could have large economic gains. ....	147
2.22. Learning outcomes are low in international comparisons . . . . .	150
2.23. Argentina has large shares of low performers. ....	151
2.24. Socio-economic status has a powerful influence on learning outcomes . . . . .	153
2.25. Firms cannot find the skills they need . . . . .	156
2.26. Few students are enrolled in TVET and schools fall short. ....	158
2.27. Occupation structure is changing . . . . .	160
2.28. Incentives for upskilling are weaker than in other Latin American countries. ...	161

<b>Basic statistics of Austria, 2016</b> .....	7
<b>Executive summary</b> .....	9
<b>Assessment and recommendations</b> .....	13
Growth is picking-up and digitalisation brings new challenges and opportunities ...	14
Growth is picking up .....	21
Macroeconomic policy has been supportive .....	25
Raising medium-term growth .....	34
Seizing opportunities and addressing the challenges arising from digitalisation ...	39
Challenges for green growth .....	49
Bibliography .....	51
<b>Annex. Progress in structural reform</b> .....	55

### Thematic chapters

<b>Chapter 1. Austria's digital transition: The diffusion challenge</b> .....	61
Austria is in an intermediary position in the digital transition .....	62
Convergence with the global technological frontier is uneven across sectors and firms .....	65
Digitalisation trends in the business sector .....	68
Digitalisation trends in households .....	84
Public strategies to foster digital transition call for broad social support .....	91
Recommendations to facilitate ICT diffusion .....	97
Bibliography .....	97
<b>Chapter 2. Inclusive labour markets in the digital era</b> .....	101
The future of work .....	102
Getting skills right .....	113
Using skills effectively in the labour market .....	129
Recommendations for inclusive labour markets in the digital era .....	137
Bibliography .....	138

### Boxes

1. Considering the tax-and-benefit system as a whole .....	16
2. The January 2017 policy package .....	26
3. Implementation of a fiscal initiative in the European context .....	28
4. Capacity adjustments in the banking sector .....	32
5. Austria's "Digital Roadmap" .....	39

1.1. Special economic impacts of digitalisation .....	64
1.2. The Open Innovation Strategy and digitalisation-oriented programmes .....	82
1.3. Hagenberg Software Park .....	84
1.4. Airbnb and Uber in Austria: Vienna's approach to the "sharing" economy .....	95
2.1. Statutory differences between non-standard and standard work .....	109
2.2. Education reform 2015 .....	116
2.3. Singapore's SkillsFuture programme .....	128
2.4. Labour market mismatch: evidence from PIAAC .....	133

## Tables

1. Macroeconomic indicators and projections .....	24
2. Possible shocks and their economic impact .....	24
3. Past recommendations to promote gender equality and actions taken .....	35
4. Past recommendations to promote growth .....	38

## Figures

1. Well-being is high .....	15
2. Redistribution plays an important role. ....	16
3. Divergences in life satisfaction .....	17
4. The low-educated face special pressures .....	18
5. Migration inflows have fostered labour supply .....	19
6. Job tenure is long and geographic mobility low .....	20
7. Austria's market share in main export destinations .....	22
8. Recent developments .....	23
9. Evolution of macro-financial vulnerabilities since 2007 .....	25
10. Fiscal balances have improved but debt remains high. ....	26
11. Long-term fiscal pressures arising from ageing are high. ....	29
12. The public debt path is highly uncertain .....	29
13. Revenue and spending structures offer room for reform .....	30
14. Bank profitability and capital adequacy are relatively low .....	32
15. Monetary policy transmission operates well but there are signs of friction ...	33
16. Potential growth has weakened. ....	34
17. Participation increased but mainly in part-time jobs. ....	35
18. Labour productivity growth by sector .....	37
19. Retail and professional services remain over-regulated .....	39
20. Advanced digital infrastructures are less used in Austria .....	41
21. Enterprises lag behind peers in most ICT applications .....	42
22. The overall degree of digitalisation is behind its expected level. ....	43
23. Small firms display distinct weaknesses in ICTs .....	44
24. ICT adoption gaps between population groups: the case of e-commerce. ....	46
25. Differences in skills use at work between Austria and peer countries .....	47
26. The adult population's digital proficiency is lower than in peer countries. ...	48
27. Green growth indicators: Austria. ....	50
1.1. Austria in the international digital transition .....	63
1.2. Austria is an innovation leader in e-government but diffusion is slow among households. ....	64
1.3. ICT usage across industries .....	67

1.4. Machine-to-machine mobile cellular subscriptions . . . . .	68

Dealing with aging-related spending .....	33
Raising living standards by investing in capital and skills .....	37
Easing regulation and boosting competition .....	47
Bibliography .....	56
<b>Annex. Progress in main structural reforms</b> .....	61

### Thematic chapters

<b>Chapter 1. Raising living standards and supporting investment by boosting skills</b> ..	67
Investment in capital and people can help Slovenia achieve its goals .....	68
Slovenia has invested heavily in upskilling its workforce, though many workers were left behind .....	75
Developing vocational skills to bolster inclusiveness .....	80
Reforming labour market institutions to increase inclusiveness .....	88
Developing and attracting high skilled workers .....	96
Main recommendations for upskilling to encourage investment .....	102
Bibliography .....	102
<b>Chapter 2. Product market reforms to boost growth</b> .....	107
Strengthening the regulatory environment .....	108
Strengthening competition enforcement to boost productivity .....	118
Less restrictive regulation of regulated professions to promote entry .....	122
Improving the focus and governance of state-owned enterprises .....	124
Competition in the telecommunications market has increased .....	129
The electricity sector is becoming more internationally interconnected .....	132
Regulation has mostly promoted competition in retailing .....	135
Well-developed infrastructure is an important growth facilitator .....	136
Main policy recommendations for promoting competitive firms .....	139
Bibliography .....	140

## Boxes

1. White Book scenarios .....	36
1.1. Slovenia's education system .....	81
1.2. Support for tertiary students .....	98
2.1. Examples of guidelines and training on preventing and detecting public procurement bid rigging .....	118
2.2. Privatisation after independence .....	126

## Tables

1. Macroeconomic indicators and projections .....	14
2. Possible shocks to the Slovenian economy's prospects .....	24
3. Past OECD recommendations on maintaining fiscal stability .....	26
4. Fiscal indicators .....	26
5. Past OECD recommendations on labour markets .....	29
6. Past OECD recommendations on restructuring the banking sector .....	32
7. Long-term projection for age-related spending, % of GDP .....	34
8. Past OECD recommendations on containing the costs of ageing .....	35
9. Past OECD recommendations on reforming education .....	46
10. Competition resources are relatively low, 2015 .....	49
11. Past OECD recommendations on improving regulation and competition .....	52
12. Past OECD recommendations for achieving green growth .....	56
2.1. Competition resources are relatively low, 2015 .....	120

## Figures

1. Slovenians' wellbeing is good across a range of measures .....	15
2. The gender wage gap is low .....	16
3. Poverty and inequality are low .....	16
4. The income gap is driven by relatively low labour productivity .....	17
5. Productivity is well below that in more advanced economies .....	18
6. Productivity growth has slowed since the international financial crisis .....	19
7. Domestic demand is making a greater contribution to growth .....	20
8. Slovenia's growth performance has been below that of regional peers .....	21
9. Convergence in GDP per capita has faltered, unlike other countries in the region .....	21
10. Macroeconomic indicators have improved .....	22
11. Since the beginning of the recovery, investment has been weaker than expected .....	23
12. Export destination and composition are relatively diverse, 2016 .....	23
13. Labour shortages limit manufacturing production .....	24
14. Many aspects of macroeconomic imbalances have improved .....	25
15. Durably reducing public debt will require further reforms .....	27
16. The labour market's inclusiveness could be broadened .....	28
17. Minimum wages are high relative to median wages .....	29
18. Banks are in a better position to resist external shocks .....	30
19. Financial conditions have improved .....	31
20. Future bank profitability may be affected by the low-interest-rate environment .....	32

21. Stock market capitalisation is low . . . . .	33
22. The old age dependency ratio will more than double by 2060 . . . . .	34
23. Long-term health-care expenditure projections for Slovenia . . . . .	35
24. Replacement and benefit ratios will be relatively low . . . . .	36
25. Investment has fallen . . . . .	39
26. Literacy skills are comparatively poor for adults from all education attainment groups . . . . .	40
27. Mean literacy and numeracy proficiency scores for 55-64 year-olds . . . . .	41
28. The relatively compressed wages have been stable, 2015 . . . . .	42
29. Relative wages for the low paid have generally been fairly stable, despite changes in job shares . . . . .	43
30. Relatively little is spent on active labour market programmes per unemployed person . . . . .	44
31. Slovenia outperforms CEECs for the share of tertiary graduates . . . . .	46
32. Businesses are faced with a relatively heavy regulatory burden . . . . .	47
33. Real value added in professional services is low . . . . .	50
34. Logistics Performance Index . . . . .	51
35. There are publicly owned enterprises in all sectors . . . . .	52
36. Competitive mobile prices are not matched in broadband prices . . . . .	54
37. Environmental outcomes are good . . . . .	55
38. Abatement costs vary across technologies . . . . .	56
1.1. Investment has shifted down . . . . .	69
1.2. Slovenia's business cycle has been particularly pronounced . . . . .	70
1.3. Since the beginning of the recovery, investment has been weaker than expected . . . . .	71
1.4. Corporate leverage has declined . . . . .	71
1.5. Profitability has recovered . . . . .	72
1.6. Firms rely heavily on debt finance . . . . .	72
1.7. Stock market capitalisation is low . . . . .	73
1.8. Venture capital investments as a percentage of GDP . . . . .	73
1.9. Productivity growth has been slow since the international financial crisis . . . . .	74
1.10. The stock of inward FDI is very low . . . . .	74
1.11. Slovenia receives a particularly small amount of greenfield FDI . . . . .	75
1.12. Slovenia outperforms CEECs for investment in intangible capital . . . . .	76
1.13. The share of knowledge-intensive services exports is low . . . . .	76
1.14. There have been large structural changes in employment shares . . . . .	77
1.15. Wages are higher than in other CEECs . . . . .	78
1.16. Minimum wages are high relative to median wages . . . . .	78
1.17. Slovenia has persistent problems in reallocating workers . . . . .	79
1.18. Labour shortages limit manufacturing production . . . . .	80
1.19. Literacy skills are comparatively poor for adults from all education attainment groups . . . . .	83
1.20. Slovenians with less than tertiary education lack digital skills . . . . .	84
1.21. The difference between tertiary and upper-secondary wages is particularly wide . . . . .	85
1.22. Mean literacy and numeracy proficiency for older Slovenians . . . . .	86
1.23. The relatively compressed wages have been stable . . . . .	87

1.24. There is a persistent mismatch between the education of those in employment and the population .....	89
1.25. Slovenia has maintained cost competitiveness .....	90
1.26. Relative wages for the low paid have generally been fairly stable, despite changes in job shares .....	91
1.27. Relatively little is spent on active labour market programmes. ....	94
1.28. Slovenia outperforms other CEECs for the share of tertiary graduates .....	96
1.29. The tax wedge for single workers is large (2016). ....	101
2.1. Businesses face a relatively high regulatory burden. ....	109
2.2. Formal ex post evaluation could be developed further .....	111
2.3. Services trade restrictiveness is high in some areas, 2015 .....	112
2.4. Effective tax rates on different types of investment. ....	115
2.5. Compliance time for paying taxes is relatively long. ....	115
2.6. A large share of public procurement is not subject to competitive tendering, 2016 .....	116
2.7. Perceptions of corruption .....	117
2.8. The competition authority has had relatively few competition enforcement cases, 2003-15 .....	119
2.9. Court review of CPA merger and anti-competitive conduct decisions in 2014. ...	121
2.10. Real value added in professional services is low. ....	123
2.11. There are publicly owned enterprises in all sectors .....	125
2.12. Slovenians have very low perceived opportunities for entrepreneurship, 2016. ...	125
2.13. Competitive mobile prices are not matched in fixed broadband prices .....	130
2.14. There were relatively few broadband subscriptions in June 2016. ....	131
2.15. Electricity prices for industry and households, 2016 S2. ....	133
2.16. Abatement costs vary across technologies .....	135
2.17. Transport fuel prices for households, 2015 .....	136
2.18. Total inland transport infrastructure investment is high .....	137
2.19. Logistics Performance Index .....	137
