Executive summary	9
1 Key policy insights	14
The economy will recover gradually from the COVID-19 crisis	14
The recovery will probably be slow and uncertainty is exceptionally high	17
Monetary policy is accommodative but inflation remains below the 2% target	21
Strong public finances allow stimulating the economy	22
The financial system remains solid, but the COVID-19 crisis raises vulnerability	24
The fruits of Korea's past economic performance have not been equally distributed	27
Korea's economic achievements have not fully translated into well-being	31
Better use of labour resources and innovation can support growth	31
The fight against corruption has been stepped up but challenges remain	41
Environmental quality remains low by OECD standards	43
References	47
Annex 1.A. Progress in other structural reform areas	50
Annex 1.B. Government measures to address the COVID-19 crisis	51
Annex 1.C. Economic co-operation with North Korea	54
References	58
2 Raising employment and enhancing job quality in the face of rapid ageing	59
Scarcer labour resources need to be better mobilised	63
A more flexible labour market should be combined with stronger social protection	83
References	90
3 Promoting the diffusion of technology to boost productivity and well-being	92
Digital opportunities to raise productivity are not used to their full potential	98
The diffusion of digital technologies among firms and workers is slow	103
Policies supporting digital adoption and productivity need strengthening	108
Ensuring digital trust is key to digital development and well-being	117
References	123
<b>FIGURES</b>	
Figure 1. GDP falls less than in the OECD	10
Figure 2. Inflation is set to remain very low	11
Figure 3. Inequality is relatively high	11
Figure 4. The old age dependency ratio will soar	12
Figure 5. Service sector productivity is lagging	12
Figure 1.1. Mobility for retail and recreation has remained relatively high	14

Figure 1.2. The COVID-19 crisis has hit employment hard, albeit less than in most other countries	17
Figure 1.3. Employment drops in services and among non-regular workers	18
Figure 1.4. Exports are fairly concentrated in terms of countries and product types (%), 2018	19
Figure 1.5. The outlook for global semi-conductors remains uncertain	20
Figure 1.6. Inflation is well below the 2% target	21
Figure 1.7. Monetary policy has been eased and the won has depreciated somewhat	22
Figure 1.8. Sound public finances leave room for fiscal stimulus	23
Figure 1.9. Potential impact of the COVID-19 crisis on gross government debt	23
Figure 1.10. The unweighted leverage ratio is close to the OECD average	24
Figure 1.11. Aggregate corporate debt is moderate but rising and household debt is high	25
Figure 1.12. At the national level, housing prices have been stable	26
Figure 1.13. Income inequality is relatively high	28
Figure 1.14. The minimum wage is high relative to the median wage, 2018	29
Figure 1.15. Permanent workers' employment protection is relatively strong	30
Figure 1.16. Well-being scores remain relatively low in many dimensions	31
Figure 1.17. Korea has scope to raise both employment and productivity	32
Figure 1.18. Fewer individuals work very long hours as time limits were tightened towards OECD norms	35
Figure 1.19. Low-productivity sectors account for a high share of total employment	37
Figure 1.20. Digital gaps between large and small firms remain high	39
Figure 1.21. Product market regulations are stringent	40
Figure 1.22. Corruption is perceived as relatively high	41
Figure 1.23. Korea is compliant on tax transparency	42
Figure 1.24. Environmental performance remains weak	44
Figure 2.1. Employment falls sharply in services and among non-regular workers	60
Figure 2.2. The old-age dependency ratio is set to be the highest in the OECD in 2060	62
Figure 2.3. Korea faces important challenges with inclusiveness and some aspects of job quality	64
Figure 2.4. Disadvantaged groups face large employment gaps	65
Figure 2.5. There are multiple worker-related barriers to employment	65
Figure 2.6. Groups facing different combinations of employment barriers	66
Figure 2.7. Many workers earn low wages and work very long hours	67
Figure 2.8. Women's employment rate is relatively low between ages 30 and 60	68
Figure 2.9. The gender wage gap is the widest in the OECD	69
Figure 2.10. The employment rate falls more slowly with age than in other OECD countries	71
Figure 2.11. Many older workers are excluded from the social safety net	72
Figure 2.12. The share of the elderly in relative poverty is the highest in the OECD	72
Figure 2.13. Net pension replacement rates are relatively low	73
Figure 2.14. Wages reflect seniority more than in most other OECD countries	76
Figure 2.15. Many older Korean workers would like to get education and training	77
Figure 2.16. Youth and elderly employment rates are positively correlated	82
Figure 2.17. The share of non-regular employment is high	84
Figure 2.18. Permanent workers' employment protection is relatively strong	85
Figure 2.19. Active labour market programmes focus most on direct job creation	87
Figure 2.20. Employment service resources are among the lowest in the OECD	88
Figure 3.1. Korea is one of the top players in emerging digital technologies	93
Figure 3.2. Corona Map App plots locations with confirmed cases of COVID-19	94
Figure 3.3. Households turned to e-commerce during the COVID-19 outbreak	95
Figure 3.4. High-speed broadband is widespread in Korea	96
Figure 3.5. Low-productivity sectors account for a high share of total employment	97
Figure 3.6. Economy-wide productivity in Korea is far below the OECD average	97
Figure 3.7. The contribution of domestic services to Korean manufacturing exports is low	101
Figure 3.8. Korean exports of predominantly digitally deliverable services are weak	102
Figure 3.9. Use of websites for online ordering or reservation has increased rapidly in Korea	103
Figure 3.10. Korea is below the OECD average in sophisticated digital technologies adoption	104
Figure 3.11. Digital gaps between large and small firms remain high	105
Figure 3.12. The age gap in online purchasing is the highest among OECD countries	106
Figure 3.13. The digital skills gap between generations is the highest among OECD countries	107
Figure 3.14. The share of teachers with high digital skills is relatively low in Korea	109
Figure 3.15. Teachers can further improve their use of ICT for teaching	109
Figure 3.16. The share of tertiary graduates in science, engineering and ICT is high	110
Figure 3.17. Korea can further increase the share of workers receiving firm-based training	111

Figure 3.18. The participation in online courses is the third highest in Korea	112
Figure 3.19. Korea has high regulatory barriers to competition	115
Figure 3.20. Korea should be more open to foreign entry and competition	116
Figure 3.21. Korea is a leader in e-government	118
Figure 3.22. Korea has the highest score in open-useful-reusable government data	118
Figure 3.23. Online security incidents are relatively frequent in Korea	119
Figure 3.24. Privacy violations are second highest in Korea	119
Figure 3.25. The share of Korean youth at risk of addiction to Internet and smartphones is high	121

Annex Figure 1.C.1. North Korea's recorded foreign trade	55
Annex Figure 1.C.2. Estimated GDP level and growth rate	56

### MIGRANTS Dépasser les catégories

Migrant, réfugié, étranger, demandeur d'asile, exilé, sans-papiers, expatrié... Les catégories servent à accorder des droits aux personnes ou à les limiter, voire à les refuser. Mais celles-ci sont de plus en plus en décalage par rapport aux réalités des personnes. Ce dossier dénonce les erreurs et les dénis de justice liés au jeu des catégories. Mais il montre aussi qu'une marge de liberté est ouverte à celles et ceux qui s'en affranchissent. Sommaire complet p. 17
