Foreword	3
Executive summary	8
<b>1 Key policy insights</b>	<b>14</b>
Viet Nam should aim at not only high but also sustained post-pandemic growth	15
Macroeconomic policy should be gradually normalised	18
Monetary policy needs to keep inflation expectations well anchored	33
Financial markets need to be strengthened for smooth resource reallocation	37
Making fiscal policy more transparent would strengthen its effectiveness	42
Viet Nam's anti-corruption efforts have gained strong momentum recently	50
Tackling informality should be more centred in economic policy	54
Viet Nam's social safety net should be more comprehensive	60
References	71
