WITH RESIDENCE RELOCATION

I will be

KINGDOM

Spanish nationals in the UK subject to UK legislation: Their healthcare is guaranteed by the UK. If they have obtained a visa to work, their right to healthcare is linked to the visa, as it involves payment of the immigration health surcharge (IHS).

Spanish nationals in the UK subject to Spanish legislation (workers posted from Spain to the UK): They have to obtain an **S1 document** from Spain, which entitles them to health services if they do not live in the country where they are insured. **The S1 document must be registered in the UK:** Send it to the postal address of Overseas Healthcare Services (NHS Business Services Authority, Bridge House, 152 Pilgrim Street, Newcastle upon Tyne, NE1 6SN).

You can send it in advance by email saying that you are also sending it by post to: nhsbsa.faregistrationsohs@nhs.net

Keep 2 copies of the S1 document (for the GP and in case you ever have to go to the Hospital).

Spanish nationals posted from the UK to Spain subject to Spanish legislation:

Legal residents in Spain will obtain, when they meet the requirements for this purpose, their TSI (individual health card by its Spanish abbreviation) and will present it when they need health care, unless they are entitled to health cover at the expense of another country.

Spanish nationals posted from the UK to Spain subject to UK legislation:

1. You must obtain your **S1 document** from **Overseas Healthcare Services**: Telephone: +44 (0)191 218 1999. Email: nhsbsa.ohsregistrations@nhs.net
2. **Register your S1** at a National Insurance and Social Security Information Centre (CAISS). Keep a copy for yourself.
3. Once the S1 is registered in Spain, the INSS will communicate it to the British agency (Overseas Healthcare Team). If you intend to visit another EEA country or Switzerland (not the UK) you can apply for a new European Health Insurance Card (EHIC) within 6 / 8 weeks on +44 191 21 81999.
